

Bible Study Colossians 2

What would you say is the philosophy of the culture in the UK? What are the guiding principles that people believe in outside of the church?

Read Colossians 2:16-23. What kinds of false teaching does Paul describe here?

How does Paul's teaching in Colossians help us to discern what teaching and ideas are in line with to our belief in salvation through in Christ Jesus alone?

Paul uses the image of being rooted in our faith in Christ. Have a look at Psalm 1. What is the difference for those who are rooted in faith compared to those who are not?

Prayer

Give thanks to God for the grace that you have received through Christ's sacrifice on the cross.

Pray for your brothers and sisters in Great Ashby Community Church that we will be strong in faith and bear fruit for Christ in our neighbourhood.

Pray for those in leadership positions in our church that they will make good decisions about the re-opening of in person Sunday worship. Remember all who are afraid to return to church due to the corona virus that they will continue to feel part of the church and that God will strengthen them.
